Subject: PSC Website Comments: CAROLINA WATER

I certainly hope you do not allow any type of increase for Carolina Water. These people are the hardest to work with. I have been doubled billed several times because somehow they got behind in the billing even though I paid my bill each month. But there was nothing I could do about it. I live in the Land's End area on Lake Murray. There is some type of "treatment plant" on our property that has an odor that will take your breath away. But it is always covered up when some others get involved. We have several properties for sale that are not selling due to this odor. My water bill EACH month runs about 75.00 per month! I have no lawn to water, it is just 2 of us in the house so there is no excessive water use and it is \$75.00!

I ADAMANTLY DISAGREE WITH ANY RATE INCREASE!
